

Top 10 Things Parents Should Know About Tutor.com

1 We Provide Personalized Support.

Every Tutor.com session is personalized to meet the needs of your child, from remedial to advanced.

2 We Work With Their Curriculum.

Our tutors use examples from the students' class notes, assignments or textbooks to insure our methods meet teachers' expectations.

3 We Help With More Than Homework.

Tutors can help students with specific homework problems, but can also assist with test prep, concept reviews, and more.

4 We Are There When No One Else Can Be.

With over 3,100 tutors on board, Tutor.com can help your child late into the night and even on weekends.

5 We Are Experts in Over 40 Subject Areas.

Students can get help with math, science, language arts, Spanish, social studies, AP® classes, Microsoft Office®, college entrance exams and more.

6 We Impact Student Achievement.

Multiple independent research studies* by educational experts have found that using Tutor.com raises students' grades and scores.

7 We Build Student Confidence.

On average, 96% of student survey respondents report that Tutor.com helps them feel more confident and complete their assignments.**

8 We Work with Parents, Too.

Tutor.com tutors can help you better understand your child's homework so that you can help them complete their assignments.

9 We Are Easy to Use and Accessible to All.

Students just need a computer, smartphone or tablet with an internet connection, along with a library card to get connected today.

10 We Are a Safe Online Environment.

All of our tutors must pass a rigorous application process including an extensive background check, repeated annually. No personal information is exchanged between student and tutor. All work is completed in our recorded classroom and monitored by management staff.

Your students can access Tutor.com through

Tutors are available for on-demand sessions

*In a 2007 study by Dale Mann, Ph.D., students with access to Tutor.com scored 12% higher on geometry and other mathematics tests over eligible non-participants. **Based on 2016 survey of students of Princeton Review/Tutor.com.
